Shariah Committee Fees	3	0.00%	أتعاب خدمات اللجنة الشرعية
Independent Fund Board Remunerations	2	0.00%	مكافآت أعضاء مجلس إدارة الصندوق المستقلين
Total Fees and Expenses	160,715	0.94%	مجموع الرسوم والمصاريف

3) Material Changes

3) تغيرات جوهرية حدثت خلال الفترة

Economic Outlook:

نظرة عامة على أداء الاقتصاد:

- The U.S Federal Open Market Committee (FOMC) maintained a hawkish policy stance throughout 2022, raising the short-term fed fund policy rate in a series of back-to-back and increasing rate hikes from March to December by a total of 425 bps reaching a range of 4.25-4.5% by year end.
 - The FOMC also reversed its beginning 2022' quantitative easing approach - which aimed at supporting market liquidity - and began gradually reducing their balance sheet assets that peaked at USD 8.9 Tln in April 2022. The Committees' actions came at the back of soaring inflation levels and improving labor market conditions.
 - The U.S treasury yield curve shifted upwards YoY with shorter-term yields increasing higher compared to longer-term bond yields attributed primarily to concerns relevant to policy tightening and its impact on the economy; 2-year treasury yield increased by 363 bps (from 0.7% to 4.4%), 5-Year treasury yield increased by 268 bps (from 1.3% to 3.8%).
- قامت اللجنة الفيدرالية الأمريكية للسوق المفتوحة (FOMC) بتطبيق سياسة نقدية متشددة خلال العام 2022م، بحيث قامت برفع سعر الفائدة الفيدرالي بشكل متتالي ومتزايد من شهر مارس إلى ديسمبر من العام بإجمالي 425 نقطة أساس ليصل لنطاق سعر الفائدة بين 4.25% و4.50% في نهاية العام.
 - كما قامت اللجنة الفيدرالية أيضاً بخفض أصول الميزانية تدريجياً حيث بلغت ما يعادل 8.9 ترليون دولار أمريكي بحد أقصى خلال شهر أبريل من العام، والتي ارتفعت نتيجة لبرنامج التيسير الكمي الذي استهدف دعم الائتمان والاقتصاد. وتعود قرارات اللجنة لارتفاع مستويات التضخم فوق المستهدف وتحسن مستويات البطالة.
 - ارتفع منحى عوائد سندات الخزينة الأمريكية خلال العام، بحيث ارتفعت عوائد السندات قصيرة الأجل بشكل أكبر مقارنة بعوائد السندات طويلة الأجل ويعود ذلك إلى مخاوف متعلقة بتشديد السياسة النقدية وتأثيرها المتوقع على نمو الاقتصاد؛ ارتفع عائد سندات الخزينة لسنتين بمقدار 363 نقطة أساس (من 0.7% إلى 4.4%)، وارتفع عائد سندات الخزينة لـ 5 سنوات بمقدار 268 نقطة أساس (من 1.3% إلى 3.9%)، وارتفع عائد سندات الخزينة لـ 10 سنوات بمقدار 231 نقطة أساس (من 1.5% إلى 3.8%).

- 3.9%), while the 10-Year treasury yield increased by 231 bps (from 1.5% to 3.8%).
- Tightening Monetary actions by central banks was a worldwide trend in 2022, the Saudi Central Bank (SAMA) followed and hiked its policy rates by a total of 400 Bps during the year, taking the Repo and Reverse Repo to 5.00% and 4.50% respectively.
- Saudi Riyal liquidity was another key topic in the local market for 2022, excess SAR liquidity - measured by the net daily average reverse repo volumes - broadly fluctuated throughout the year peaking at SAR 107 Bln in July 2022 compared to a 5-year low point of SAR 5.8 Bln in May 2022. Broader money supply (M3) steadily increased during the year reaching SAR 2.5 Tln equivalent to +8% YoY.
- Similarly, the SAR Sovereign Sukuk yield curve experienced an upward shift; 2-year Sukuk yield increased by 357 bps (from 1.0% to 4.6%), 5-Year Sukuk yield increased by 185 bps (from 2.2% to 4.1%), while the 10-Year Sukuk yield increased by 166 bps (from 2.9% to 4.5%).
- The benchmark Saudi Riyal Interbank rate experienced a fundamental methodology change in the beginning of 2022, changes included a switch to a waterfall model reflecting firstly the volume weighted average SAR Unsecured funding prices, and a fixed spread percentage between the bid rate and offer rate (SAIBOR & SAIBID), compared to the previous methodology which relied on the expert opinion of the contributing panel. The main objective of the change was stated to offer a more transparent representation of unsecured Saudi Riyal interbank deposit market.
- Saudi Riyal Interbank Average Offered Rate (SAIBOR) increased across all tenors; 1-Month, 3-Month, and 12-Month SAIBOR increased by 403 Bps, 443 Bps, and 481 Bps reaching levels of 4.7%, 5.3%, and 5.9% respectively.
- The USD LIBOR also experienced an increase across all tenors; 1-Month, 3-Month, and 12-Month LIBOR increased by 429 Bps, 456 Bps, and 490 Bps reaching levels of 4.4%, 4.8%, and 5.5% respectively.
- توجهت البنوك المركزية عالمياً إلى تشديد السياسة النقدية خلال العام، حيث قام البنك المركزي السعودي (ساما) أيضاً برفع معدلات اتفاقيات إعادة الشراء (الريبو) ومعدلات اتفاقيات إعادة الشراء المعاكس (الريبو العكسي) بإجمالي 400 نقطة أساس، حيث استقر معدل الريبو عند 5.00%، ومعدل الريبو العكسي عند 4.50%.
- شكلت تقلبات سيولة الريال السعودي أيضاً موضوعاً رئيسياً في السوق المحلي خلال العام 2022م، بحيث بلغ مستوى السيولة الفائضة المتمثلة بصافي المتوسط اليومي لعمليات إعادة الشراء والشراء المعاكس بحد أقصى خلال العام 107 مليار ريال سعودي خلال شهر يوليو، مقارنةً بوصولها لأدنى حد خلال فترة 5-سنوات 5.8 مليار ريال سعودي خلال شهر مايو 2022م. كما شهد معدل عرض النقود ارتفاعاً (M3) ثابتاً خلال العام ليصل إلى 2.5 ترليون ريال سعودي أو ما يعادل ارتفاعاً بنسبة 8% خلال العام.
- كما شهد منحى عائد الصكوك السيادية السعودية أيضاً تحولاً تصاعدياً في عام 2022م، حيث ارتفع عائد الصكوك السعودية بالريال السعودي لأجل سنتين بمقدار 357 نقطة أساس (من 1.0% إلى 4.6%)، وارتفع عائد الصكوك السعودية بالريال السعودي لأجل 5 سنوات بمقدار 185 نقطة أساس (من 2.2% إلى 4.1%)، بينما ارتفع عائد صكوك السعودية بالريال السعودي ذات الأجل الأعلى 10 سنوات بمقدار 166 نقطة أساس (من 2.9% إلى 4.5%).
- شهد مؤشر الإقراض بين البنوك السعودية تغييراً أساسياً خلال العام، بحيث تم تحديث المنهج الحسابي ليعكس مستويات حسابية بدءاً بالمتوسط المرجح لأسعار الودائع المنعقدة فعلياً للبنوك المساهمة بالمؤشر، بالإضافة إلى هامش ثابت بين معدلات العرض والطلب (سايبور وسايبيد)، مقارنةً بالمنهج السابق المبني على آراء البنوك المساهمة. يشكل الهدف الرئيسي من تحديث منهجية حساب المؤشر هو زيادة شفافية المؤشر ليعكس بشكل أدق مستوى الودائع بين البنوك بالريال السعودي.
- شهدت معدلات الإقراض بين البنوك السعودية (سايبور) ارتفاعات ملحوظة خلال عام 2022م، حيث ارتفع معدل سايبور لمدة شهر واحد بمقدار 403 نقطة أساس ليصل إلى مستوى 4.7%، وارتفع معدل سايبور لمدة 3 أشهر بمقدار 443 نقطة أساس ليصل إلى مستوى 5.3%، كما ارتفع سايبور لمدة 12 شهر بمقدار 481 نقطة أساس ليحقق مستوى 5.9%.
- شهدت معدلات الإقراض بين البنوك بالدولار الأمريكي (لايبور) ارتفاعات ملحوظة أيضاً خلال العام 2022م، حيث ارتفع معدل لايبور لمدة شهر واحد بمقدار 429 نقطة أساس ليصل إلى مستوى 4.4%، وارتفع معدل لايبور لمدة 3 أشهر بمقدار 456 نقطة أساس ليصل إلى مستوى 4.8%، كما ارتفع لايبور لمدة 12 شهر بمقدار 490 نقطة أساس ليحقق مستوى 5.5%.
- ركزت إصدارات الدين السيادية المحلية بشكل رئيسي على إعادة تمويل الإصدارات المستحقة خلال العام نظراً لاستقرار الظروف الاقتصادية

- Saudi Sovereign debt issuances continued in 2022, however, focused primarily on debt refinancing and prefunding activities given stabilizing economic conditions and budget balance, the outstanding debt portfolio reached approximately SAR 990 bln by year-end (25% of GDP), versus SAR 938 Bln (30% of GDP) in 2021. The decrease in the debt-to-GDP ratio was attributed to the slower increase in the debt portfolio relevant to the increase in the GDP.
- The Brent crude oil prices increased from an average of \$71 per barrel in 2021 to \$99 per barrel in 2022 (+40% YoY), the increase was primarily attributed to the supply interruptions caused by the Russian invasion of Ukraine and the subsequent western sanctions and bans on Russian oil exports. In addition, post pandemic economic recovery, and the OPEC+ production Cuts later on the year.

وتوازن الميزانية، بحيث بلغ إجمالي الدين الحكومي القائم خلال عام 2022 ما يعادل 990 مليار ريال سعودي أو ما يعادل 25% من الناتج المحلي الإجمالي للمملكة العربية السعودية، مقارنةً 938 مليار ريال سعودي بنهاية العام السابق أو ما يعادل 29% من الناتج المحلي الإجمالي للمملكة. ويعود انخفاض نسبة الدين العام إلى الناتج المحلي الإجمالي إلى زيادة حجم الدين العام بشكل أقل مقارنةً بزيادة حجم الناتج المحلي الإجمالي. كما ارتفع متوسط سعر خام برنت من 71 دولارًا للبرميل في عام 2021 إلى 99 دولارًا للبرميل في عام 2022 (ما يعادل ارتفاع سنوي بمقدار 40%) ، ويعود ذلك إلى تأثير مستويات العرض نتيجة للغزو الروسي لأوكرانيا والعقوبات الغربية التابعة على صادرات النفط الروسي. بالإضافة إلى تعافي الاقتصاد العالمي وقيام منظمة أوبك بلس (OPEC+) بخفض مستويات إنتاج النفط خلال الربع الرابع من العام.

4) Exercising of Voting Rights

No voting rights were exercised during the year.

4) ممارسات التصويت السنوية

لم تتم أي ممارسات تصويت خلال العام.

5) Fund Board Annual Report

5) تقرير مجلس إدارة الصندوق السنوي

a. Names of Fund Board Members

- Mohammad AlSaggaf – Chairman – Non-Independent Member
- Lloyd Kawara - Non-Independent Member
- Dr. Basmah Al-Tuwaijri - Independent Member
- Abdulaziz Abalkhail - Independent Member

أ. أسماء أعضاء مجلس إدارة الصندوق

- محمد السقاف - رئيس مجلس إدارة الصندوق - عضو غير مستقل
- لويد كورا - عضو غير مستقل
- د. بسمة التويجيري - عضو مستقل
- عبدالعزيز أبا الخيل - عضو مستقل

Independent Auditor's Report

To the Unitholders of SNB Capital Diversified Saudi Riyal Fund (formerly known as AlAhli Diversified Saudi Riyal Fund)

Opinion

We have audited the financial statements of **SNB Capital Diversified Saudi Riyal Fund** (the "Fund") managed by the SNB Capital Company (the "Fund Manager"), which comprise the statement of financial position as at 31 December 2022, the statements of profit or loss and other comprehensive income, changes in net assets attributable to the Unitholders and cash flows for the year then ended, and notes to the financial statements, comprising significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Fund as at 31 December 2022, and its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRS") that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants ("SOCPA").

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards), that is endorsed in the Kingdom of Saudi Arabia (the "Code"), that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with the Code's requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Fund Manager and Those Charged with Governance for the Financial Statements

The Fund Manager is responsible for the preparation and fair presentation of the financial statements in accordance with IFRS that are endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the SOCPA, and to comply with the applicable provisions of the Investment Funds Regulations issued by the Capital Market Authority ("CMA"), the Fund's terms and conditions and for such internal control as the Fund Manager determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Fund Manager is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Fund Manager either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, the Fund Board, are responsible for overseeing the Fund's financial reporting process.

KPMG Professional Services, a professional closed joint stock company registered in the Kingdom of Saudi Arabia with the paid-up capital of SAR (40,000,000). Previously known as "KPMG Al Fozan & Partners Certified Public Accountants". A non-partner member firm of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee. All rights reserved.

كي بي إم جي للاستشارات المهنية شركة مبنية مساهمة مغلقة، مسجلة في المملكة العربية السعودية، رأسمالها (40,000,000) ريال سعودي مدفوع بالكامل، المسماة سابقاً "الشركة كي بي إم جي للفوزان وشركاه محاسبون ومراجعون قانونيون". وهي عضو غير شريك في الشبكة العالمية للشركات كي بي إم جي المستقلة والتابعة لـ كي بي إم جي العالمية المحدودة، شركة انجليزية محدودة بضمان، جميع الحقوق محفوظة.

Independent Auditor's Report

To the Unitholders of SNB Capital Diversified Saudi Riyal Fund (formerly known as AIAhli Diversified Saudi Riyal Fund) (continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. 'Reasonable assurance' is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund Manager's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Fund Manager.
- Conclude on the appropriateness of the Fund Manager's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, then we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit of **SNB Capital Diversified Saudi Riyal Fund** (the "Fund").

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

1. THE FUND AND ITS ACTIVITIES

SNB Capital Diversified Saudi Riyal Fund (“the Fund”) is a Shariah compliant open-ended investment fund, established under article 31 of the Investment Funds Regulations (“the Regulations”) issued by the Capital Market Authority (“CMA”), managed by the SNB Capital Company (“the Fund Manager”), a subsidiary of The Saudi National Bank (“the Bank”), for the benefit of the Fund's Unitholders.

The Fund offers investors the opportunity to participate in trade transactions which conform to Shariah principles, invests in Sukuk and other mutual funds or instruments that comply with Islamic Shariah investment principles. The Fund does not make any distributions to the Unitholders. Instead, capital gains and dividends are reinvested.

The terms and conditions of the Fund were originally approved by the Saudi Central Bank (“SAMA”) and subsequently endorsed by the CMA through its letter dated 18 Dhul Hijja 1429 H (corresponding to 16 December 2008). The Fund commenced its operations on 5 Sha’aban 1424 H (corresponding to 1 October 2003).

The Fund is governed by the Regulations published by the Capital Market Authority (“CMA”) on 3 Dhul Hijja 1427 H (corresponding to 24 December 2006). The Regulations were further amended on 12 Rajab 1442 H (corresponding to 24 February 2021).

2. BASIS OF ACCOUNTING

These financial statements of the Fund have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as endorsed in the Kingdom of Saudi Arabia and other standards and pronouncements issued by the Saudi Organization for Chartered and Professional Accountants (“SOCPA”), and to comply with the applicable provisions of the Investment Funds Regulations issued by the Capital Market authority (“CMA”) and the Fund’s terms and conditions.

3. BASIS OF MEASUREMENT

The financial statements have been prepared on going concern concept and historical cost convention using accrual basis of accounting except for investments measured at fair value through profit or loss (“FVTPL”) which are recorded at fair value.

The Fund does not have a clearly identifiable operating cycle and therefore does not present current and non-current assets and liabilities separately in the statement of financial position. Instead, assets and liabilities are presented in order of their liquidity.

4. FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements are measured using the currency of the primary economic environment in which the Fund operates (“the functional currency”). These financial statements are presented in Saudi Arabian Riyal (“SAR”) which is the Fund’s functional and presentation currency and have been rounded off to the nearest thousand unless otherwise stated.

5. CHANGES IN FUND’S TERMS AND CONDITIONS

The Fund’s name has been changed during the year. There have been no other revisions in the terms and conditions of the Fund during the year.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

6. CRITICAL ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the financial statements requires the Fund Manager to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income, and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the year in which the estimates are revised and in any future years affected.

a) Fair value estimation

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

When available, the Fund measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an on-going basis. The Fund measures instruments quoted in an active market at market price, because this price is assessed to be a reasonable approximation of the exit price.

If there is no quoted price in an active market, then the Fund uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction. The Fund recognizes transfer between levels of fair value at the end of the reporting year during which the change has occurred.

The fair value hierarchy has the following levels:

- Level 1: inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2: inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3: inputs are unobservable inputs for the asset or liability.

The Fund determined fair value of investments in un-listed open-ended investment funds measured at FVTPL using unadjusted net asset value and classified them as level 2 as per the fair value hierarchy. During the year, there has been no transfer in fair value hierarchy for FVTPL investments. For other financial assets and liabilities such as investments at amortised cost, cash and cash equivalents, other receivables and other payables, the carrying values were determined to be a reasonable approximation of fair value. The Fund has classified cash and cash equivalents as level 1 while remaining financial assets and liabilities are classified as level 3 as per the fair value hierarchy.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

**6. CRITICAL ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS
(CONTINUED)**

b) Measurement of expected credit loss allowance

The measurement of the expected credit loss allowance for financial assets measured at amortised cost requires the use of complex models and significant assumptions about future economic conditions and credit behavior.

A number of significant judgments are also required in applying the accounting requirements for measuring Expected Credit Loss (ECL), such as:

- Determining criteria for significant increase in credit risk;
- Choosing appropriate models and assumptions for the measurement of ECL;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product / market and the associated ECL; and
- Establishing Fund of similar financial assets for the purposes of measuring ECL.

Explanation of the inputs, assumptions and estimation techniques used in measuring ECL are further detailed in Note 13.1.2 (a).

7. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

7.1 *Cash and cash equivalents*

Cash and cash equivalents include cash at bank and short term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value.

7.2 *Financial assets and liabilities*

Classification of financial assets

On initial recognition, a financial asset is measured at its fair value and classified as measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL").

Financial assets measured at amortised cost

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as measured at FVTPL:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest / commission on the principal amount outstanding.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.2 *Financial assets and liabilities (continued)*

Classification of financial assets (continued)

Financial assets measured at FVOCI

A financial asset is measured at FVOCI only if it meets both of the following conditions and is not designated as measured at FVTPL:

- it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest / commission on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Fund Manager may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis.

Financial assets measured at fair value through profit or loss ("FVTPL")

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL.

Business model assessment

The Fund Manager assesses the objective of a business model in which an asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice;
- how the performance of the portfolio is evaluated and reported to the Fund Manager;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated - e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales in prior periods, the reasons for such sales and its expectations about future sales activity. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Fund's stated objective for managing the financial assets is achieved and how cash flows are realized.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realized in a way that is different from the Fund's original expectations, the Fund does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly purchased financial assets going forward.

Financial assets that are held for trading and whose performance is evaluated on a fair value basis are measured at FVTPL because they are neither held to collect contractual cash flows nor held both to collect contractual cash flows and to sell financial assets.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.2 *Financial assets and liabilities (continued)*

Classification of financial assets (continued)

Assessment whether contractual cash flows are solely payments of principal and interest / commission

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. Interest or 'commission' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (for example: liquidity risk and administrative costs), as well as profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest / commission, the Fund considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making the assessment, the Fund considers:

- contingent events that would change the amount and timing of cash flows;
- leverage features;
- prepayment and extension terms;
- terms that limit the Fund's claim to cash flows from specified assets (for example, non-recourse asset arrangements); and
- features that modify consideration of the time value of money – for example, periodical reset of interest / commission rates.

Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period after the Fund changes its business model for managing financial assets.

Impairment of financial assets

The Fund assesses on a forward-looking basis the expected credit losses ("ECL") associated with its financial assets carried at amortised cost. The allowance is based on the ECLs associated with the probability of default in the next twelve months unless there has been a significant increase in credit risk since origination.

Classification of financial liabilities

The Fund classifies its financial liabilities at amortised cost unless it has designated liabilities at FVTPL.

Recognition and initial measurement

Financial assets and liabilities measured at FVTPL are initially recognized on the trade date, which is the date on which the Fund becomes a party to the contractual provisions of the instrument. The Fund shall recognise a financial asset or a financial liability in its statement of financial position when, and only when, the entity becomes party to the contractual provisions of the instrument. Other financial assets and financial liabilities are recognized on the date on which they are originated.

A financial asset or financial liability is measured initially at fair value plus or minus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition issue.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.2 *Financial assets and liabilities (continued)*

Subsequent measurement

Financial assets measured at FVTPL are subsequently measured at fair value. Net gain or losses including any foreign exchange gains and losses, are recognized in profit or loss in 'realized and unrealized gains / (loss) on FVTPL investments – net' in the statement of profit or loss and comprehensive income.

Financial assets and financial liabilities measured at amortised cost are subsequently measured at amortised cost using the effective interest / commission method and is recognized in the statement of profit or loss and other comprehensive income. Any gain or loss on de-recognition is also recognized in the statement of profit or loss and other comprehensive income. The 'amortised cost' of a financial asset or financial liability is the amount at which the financial asset or financial liability is measured on initial recognition minus the principal repayments, plus or minus the cumulative commission using effective interest / commission method of any difference between that initial amount and the maturity amount and, for financial assets, adjusted for any loss allowance.

Derecognition

The Fund derecognizes a financial asset when the contractual rights to the cash flow from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Fund neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

On derecognition of the financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset that is derecognised) and the consideration received (including any new asset obtained less any new liability assumed) is recognized in the statement of profit or loss and other comprehensive income. Any commission in such transferred financial assets that is created or retained by the the Fund is recognized as a separate asset or liability.

The Fund enters into transactions whereby it transfers assets recognized on its statement of financial position but retains either all or substantially all of the risks and rewards of the transferred assets or a portion of them. If all or substantially all of the risk and rewards are retained, then the transferred assets are not derecognized. The Fund derecognizes a financial liability when its contractual obligations are discharged or cancelled, or expire.

Offsetting

Financial assets and financial liabilities are offset, and the net amount presented in the statement of financial position when, and only when, the Fund has a legally enforceable right to offset the amounts and intends either to settle them on a net basis or to realize the asset and settle them liability simultaneously.

Income and expenses are presented on a net basis for gains and losses from financial instruments at FVTPL and foreign exchange gains and losses.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.3 *Provisions*

A provision is recognised when the Fund has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate of the amount can be made. Provisions are not recognised for future operating losses.

7.4 *Net assets per unit*

The Fund is open for subscription and redemption of units on every Saudi business day. The net assets per unit is calculated by dividing the net assets attributable to the Unitholders included in the statement of financial position by the number of units outstanding at the year end.

7.5 *Units in issue*

The Fund classifies financial instruments issued as financial liabilities or equity instruments in accordance with the substance of the contractual terms of the instruments.

The Fund has redeemable units in issue. On liquidation of the Fund, they entitle the holders to the residual net assets. They rank *pari passu* in all respects and have identical terms and conditions. The redeemable units provide investors with the right to require redemption for cash at a value proportionate to the investor's share in the Fund's net assets at each redemption date as well as in the event of the Fund's liquidation.

Redeemable units are classified as equity as these meet all of the following conditions:

- they entitle the holder to a pro rata share of the Fund's net assets in the event of the Fund's liquidation;
- they are in the class of instruments that is subordinate to all other classes of instruments;
- all financial instruments in the class of instruments that are subordinate to all other classes of instruments have identical features;
- the instruments do not include any other features that would require classification as a liability; and
- the total expected cash flows attributable to the instruments over their life are based substantially on the profit or loss, the change in recognized net assets or the change in the fair value of the recognized and unrecognized net assets of the Fund over the life of the instruments.

Incremental costs directly attributable to the issue or redemption of redeemable units are recognized directly in equity as a deduction from the proceeds or part of the acquisition cost.

7.6 *Taxation / Zakat*

Under the current system of Zakat and income tax in the Kingdom of Saudi Arabia, the Fund is exempt from paying any Zakat and income tax. Zakat and income tax are considered to be the obligation of the Unitholders and are not provided in the financial statements.

The value added tax ("VAT") applicable for fees and expenses are recognized in the statement of profit or loss and other comprehensive income.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.7 *Special commission income and expense*

Special commission income and expense presented in the statement of comprehensive income comprises of commission on financial assets and financial liabilities measured at amortised cost calculated on an effective interest / commission basis.

The 'effective interest / commission rate' is the rate that exactly discounts the estimated future cash payments and receipts through the expected life of the financial instrument:

- to the carrying amount of the financial assets; or
- the amortised cost of the financial liability.

In calculating special commission income and expense, the effective interest / commission rate is applied to the gross carrying amount of the asset (when the asset is not credit impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, special commission income is calculated by applying the effective interest / commission rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of special commission income reverts to the gross basis.

7.8 *Management fee expense*

Management fee expense is recognized in the statement of profit or loss and other comprehensive income as the related services are performed.

7.9 *Accrued expenses and other payables*

Accrued expenses and other payables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest / commission method.

7.10 *New IFRS standards, and amendments thereof, adopted by the Fund*

Below amendments to accounting standards, interpretations and amendments became applicable for annual reporting periods commencing on or after 1 January 2022. The Fund manager has assessed that the amendments have no significant impact on the Fund's financial statements.

Standards / Interpretations and Amendments

Amendments to IAS 37 - Onerous Contracts – Cost of Fulfilling a Contract

Annual Improvements to IFRS Standards 2018-2020

COVID-19-Related Rent Concessions beyond 30 June 2021 – Amendment to IFRS 16

Reference to the Conceptual Framework (Amendments to IFRS 3)

Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16)

7. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

7.11 Standards issued but not yet effective

Standards, interpretations and amendments issued but not yet effective are listed below. The Fund intends to adopt these standards when they become effective.

<i>Standards, interpretations and amendments</i>	<i>Description</i>	<i>Effective from periods beginning on or after the following date</i>
Amendments to IAS 1 and IFRS practice statement 2	Disclosure of accounting policies	January 1, 2023
Amendments to IAS 8	Definition of accounting estimates	January 1, 2023
Amendments to IAS 12	Deferred tax related to assets and liabilities arising from a single transaction	January 1, 2023
Amendments to IFRS 16	Insurance Contracts	January 1, 2023
Amendments to IFRS 17	Insurance Contracts	January 1, 2023
Amendments to IAS 1	Classification of liabilities as current or non-current	January 1, 2024
Amendments to IFRS 16	Lease Liability in a Sale and Leaseback	January 1, 2024
Amendments to IFRS 10 and IAS 28	Sale or contribution of assets between investor or Joint Venture	Available for optional adoption / effective date deferred indefinitely

The above standards, interpretations and amendments are not expected to have a significant impact on the Fund's financial statements.

8. CASH AND CASH EQUIVALENTS

This comprises of balances held with a bank having sound credit rating.

9. INVESTMENTS – NET

	<i>Notes</i>	<i>31 December 2022</i>	<i>31 December 2021</i>
Investments measured at amortised cost – net	i)	7,347,169	18,790,709

9. INVESTMENTS – NET (CONTINUED)

i) Investments measured at amortised cost – net

Investments measured at amortised cost include the following:

	<i>Notes</i>	<u>31 December 2022</u>	<u>31 December 2021</u>
Investments in Murabaha contracts	a)	3,024,141	14,399,496
Investments in Sukuk	b)	4,324,930	4,393,149
Gross carrying value		7,349,071	18,792,645
Less: Allowance for expected credit loss		(1,902)	(1,936)
Net investments measured at amortised cost		<u>7,347,169</u>	<u>18,790,709</u>

- a) Murabaha placements are held with local and international banks. These carry profit rates ranging from 1.85% to 4.80% per annum (2021: 0.80% to 1.65% per annum) with maturity upto 10 May 2023.
- b) Investments in Sukuk carry profit rates ranging from 2.50% to 7.31% per annum (2021: 1.53% to 4.64% per annum) with maturity upto 24 April 2049.

ii) Investments measured at fair value through profit or loss

Investments measured at fair value through profit or loss include the following:

	<u>31 December 2022</u>	<u>31 December 2021</u>
Units of SNB Capital Al Sunbullah SAR Fund – a related party	601,977	-
Units of SNB Capital Saudi Riyal Trade Fund – a related party	-	1,062,057

10. UNITS TRANSACTIONS

Transactions in units during the year are summarized as follows:

	<u>For the year ended 31 December</u>	
	<u>2022</u>	<u>2021</u>
	<u>Units' in 000</u>	<u>Units' in 000</u>
Units at the beginning of the year	14,519,768	15,141,040
Units issued	9,243,174	17,230,961
Units redeemed	(18,116,618)	(17,852,233)
Net decrease in units	<u>(8,873,444)</u>	<u>(621,272)</u>
Units at the end of the year	<u>5,646,324</u>	<u>14,519,768</u>

As at 31 December 2022, the top 5 unitholders represented 50.51% (2021: 55.69%) of the Fund's units.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

11. RECONCILIATION OF CHANGES IN NET ASSETS ATTRIBUTABLE TO THE UNITHOLDERS

As per the requirements of CMA circular dated 31 December 2017, the Fund calculates provision for impairment in respect of debt investments measured at amortized cost using the incurred loss model, whereas IFRS 9 requires provisions to be measured using the ECL method. This has resulted in a difference between net assets calculated as per the CMA circular (“trading net assets”) and as per requirements of IFRS 9 (“reported net assets”). The following table shows the reconciliation between the Fund’s reported net assets and trading net assets:

	31 December 2022	31 December 2021
Reported net assets of the Fund	7,936,053	20,130,670
Add: Allowance for expected credit losses	1,902	1,936
	7,937,955	20,132,606
Less: Provision for incurred credit losses	--	--
Traded net assets of the Fund	7,937,955	20,132,606
Number of units in issue	5,646,324	14,519,768
Traded net assets per unit of the Fund	1.4059	1.3866

12. RELATED PARTY TRANSACTIONS AND BALANCES

The related party of the Fund includes Fund Manager, Fund Board, other funds managed by the Fund Manager, the Saudi National Bank, being parent of the Fund Manager, and other entities of the same group.

Management fees and other expenses

The Fund is managed and administered by the Fund Manager. For these services, the Fund accrues, daily, a management fee, which should not be more than the maximum annual rate of 0.75% (2021: 0.75%) per annum of the Fund's daily net assets as set out in the Fund’s terms and conditions.

The Fund Manager is also entitled to recover expenses incurred on behalf of the Fund relating to audit, custody, advisory, data processing and other similar charges. The maximum amount of such expenses that can be recovered from the Fund by the Fund Manager is restricted to 0.5% (2021: 0.5%) per annum of the Fund's net assets at the respective valuation days. These expenses have been recovered by the Fund Manager on an actual basis.

SNB Capital Takaful Company	Subscription of fund units	66,500	5,700	49,402	53,594
	Redemption of fund units	71,639	4,900		

13. FINANCIAL RISK MANAGEMENT

13.1 Financial risk factors

The Fund's activities expose it to a variety of financial risks including market risk, credit risk, liquidity risk and operational risk.

The Fund Manager is responsible for identifying and controlling risks. The Fund Board supervises the Fund Manager and is ultimately responsible for the overall management of the Fund.

Monitoring and controlling risks are primarily set up to be performed based on the limits established by the Fund Board. The Fund's terms and conditions set out its overall business strategies, its tolerance of risks and its general risk management philosophy and is obliged to take actions to rebalance the portfolio in line with the investment guidelines.

13.1.1 Market risk

'Market Risk' is the risk that changes in market prices – such as commission rates, foreign exchange rates, equity prices and credit spreads – will affect the Fund's income or the fair value of its holdings in financial instruments.

a) Foreign exchange risk

Foreign exchange risk is the risk that the value of future cash flows of a financial instrument will fluctuate due to changes in foreign exchange rates and arises from financial instruments denominated in foreign currency.

The Fund does not have any foreign exchange risk since all the transactions are carried out in SAR.

SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

13. FINANCIAL RISK MANAGEMENT (CONTINUED)

13.1 *Financial risk factors (continued)*

13.1.1 *Market risk (continued)*

b) *Commission rate risk*

Commission rate risk is the risk that the value of the future cash flows of a financial instrument or fair values of fixed coupon financial instruments will fluctuate due to changes in market commission rates.

At 31 December 2022, the Fund is exposed to commission rate risk on its investments in fixed rate Sukuk. A reasonably possible change of 10 basis points in interest rates at the reporting date would have increased (decreased) net assets and profit or loss by SAR 4.32 million (2021: SAR 4.39 million).

c) *Other price risk*

Other price risk is the risk that the value of the Fund's financial instruments will fluctuate as a result of changes in market prices caused by factors other than foreign currency and commission rate movements. The price risk arises primarily from uncertainty about the future prices of financial instruments that the Fund holds. The Fund Manager daily monitors concentration of risk for net assets based on securities and industries in line with defined limits while closely tracking the portfolio level volatilities. As of the statement of financial position date, the Fund has investments in mutual fund units which are exposed to other price risk.

The effect on the net assets (as a result of the change in the fair value of investments as at 31 December due to a reasonably possible notional change in net assets attributable to the Unitholders of FVTPL investments, with all other variables held constants is as follows:

	<u>31 December 2022</u>	<u>31 December 2021</u>
Effect on net assets attributable to the Unitholders.	±10% <u>60,198</u>	±10% <u>±106,206</u>

13.1.2 *Credit risk*

The Fund is exposed to credit risk, which is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Fund is exposed to credit risk for its investment measured at amortised cost and bank balances.

It is the Fund's policy to enter into financial instrument contracts with reputable counterparties. The Fund seeks to limit its credit risk by monitoring credit exposures, limiting transactions with specific counterparties and continually assessing the creditworthiness of counterparties.

As at the statement of financial position date, the fund's exposure to credit risk for its bank balances is represented by cash at bank with a local bank having Moody's credit rating of A3.

a) *General approach for allowance for expected credit losses*

The Fund recognizes loss allowances for ECL on the financial assets that are not measured at FVTPL.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

13. FINANCIAL RISK MANAGEMENT (CONTINUED)

13.1 *Financial risk factors (continued)*

13.1.2 *Credit risk (continued)*

a) *General approach for allowance for expected credit losses (continued)*

The Fund measures loss allowances at an amount equal to lifetime ECL, except for the following, for which they are measured as 12-month ECL:

- debt investment securities that are determined to have low credit risk at the reporting date; and
- other financial instruments on which credit risk has not increased significantly since their initial recognition.

The Fund considers a debt security to have low credit risk when their credit risk rating is equivalent to the globally understood definition of 'investment grade'.

12-month ECLs are the portion of ECL that result from default events on a financial instrument that are possible within the 12 months after the reporting date.

The key inputs into the measurement of ECL are the term structure of the following variables:

- Probability of default (PD)
- Loss given default (LGD)
- Exposure at default (EAD)

The Fund categorizes its financial assets into following three stages in accordance with the IFRS 9 methodology:

- Stage 1 – financial assets that are not significantly deteriorated in credit quality since origination. The impairment allowance is recorded based on 12 months PD.
- Stage 2 – financial assets that has significantly deteriorated in credit quality since origination. The impairment allowance is recorded based on lifetime ECL. The impairment allowance is recorded based on lifetime PD.
- Stage 3 – financial assets that are credit impaired, the Fund recognizes the impairment allowance based on lifetime PD.

The Fund also considers the forward-looking information in its assessment of significant deterioration in credit risk since origination as well as the measurement of ECLs.

b) *Expected credit loss allowance measurement*

ECL represent probability-weighted estimates of credit losses. These are measured as follows:

- financial assets that are not credit-impaired at the reporting date: as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the Fund expects to receive);
 - financial assets that are credit-impaired at the reporting date: as the difference between the gross carrying amount and the present value of estimated future cash flows.
-

SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

13. FINANCIAL RISK MANAGEMENT (CONTINUED)

13.1 Financial risk factors (continued)

13.1.2 Credit risk (continued)

b) Expected credit loss allowance measurement (continued)

The table below shows financial instruments subject to impairment:

	As at 31 December 2022				As at 31 December 2021
	Stage 1	Stage 2	Stage 3	Total	Total
Investments measured at amortised cost	7,349,071	--	--	7,349,071	18,792,645
Expected credit loss allowance	(1,902)	--	--	(1,902)	(1,936)
Carrying amount	7,347,169	--	--	7,347,169	18,790,709

The Fund Manager reviews credit concentration of the investment portfolio based on counterparties. The credit quality of the financial assets is managed using the ratings from reputable credit ratings agencies. As at 31 December 2022 and 31 December 2021, the Fund has investments measured at amortized cost with the following credit quality:

Credit ratings	31 December 2022	31 December 2021
A+	25.48%	15.08%
A	10.34%	22.14%
A-	9.96%	26.67%
BBB+	52.83%	33.01%
BBB	0%	2.13%
BBB-	0%	0.43%
BB-	1.39%	0.54%
	100%	100%

The Fund Manager also reviews the credit concentration of the investment portfolio based on counterparties' geographical locations. Since the Fund has all the investments in the Kingdom of Saudi Arabia, therefore the Fund is not exposed to credit risk related to geographical distribution.

SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

13. FINANCIAL RISK MANAGEMENT (CONTINUED)

13.1 Financial risk factors (continued)

13.1.2 Credit risk (continued)

c) Expected credit loss allowance measurement (continued)

Investments measured at amortised cost

The following table explains the changes in the expected credit loss allowance for Murabaha and Sukuk contracts:

<u>2022</u>	Stage 1 12-month ECL	Stage 2 Lifetime ECL	Stage 3 Lifetime - credit impaired ECL	Total
Expected credit loss allowance as at 1 January 2022	1,936	--	--	1,936
Reversal during the year	(34)	--	--	(34)
Expected credit loss allowance as at 31 December 2022	1,902	-	--	1,902
<u>2021</u>	Stage 1 12-month ECL	Stage 2 Lifetime ECL	Stage 3 Lifetime - credit impaired ECL	Total
Expected credit loss allowance as at 1 January 2021	2,151	153	--	2,304
Reversal during the year	(302)	(66)	--	(368)
Expected credit loss allowance as at 31 December 2021	1,849	87	--	1,936

There was no movement in stages of financial instruments during the year.

13.1.3 Liquidity risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

The Fund's terms and conditions provide for subscription and redemption of units on every Saudi business day and it is, therefore, exposed to the liquidity risk of not being able to meet Unitholders' redemption requests on these days. The Fund Manager monitors liquidity requirements by ensuring that sufficient funds are available to meet any commitments as they arise, either through new subscriptions, liquidation of the investment portfolio or by taking short term loans facilities obtained by the Fund Manager.

**SNB CAPITAL DIVERSIFIED SAUDI RIYAL FUND (formerly known as AlAhli
Diversified Saudi Riyal Fund)
(Managed by the SNB Capital Company)**

NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2022

Expressed in Saudi Arabian Riyals '000 (unless otherwise stated)

13. FINANCIAL RISK MANAGEMENT (CONTINUED)

13.1 *Financial risk factors (continued)*

13.1.3 *Liquidity risk (continued)*

The contractual and expected maturity of all liabilities outstanding at the reporting date are within six months (2021: due within six months).

13.1.4 *Operational risk*

Operational risk is the risk of direct or indirect losses arising from a variety of causes associated with the processes, technology and infrastructure supporting the Fund's activities either internally or externally at the Fund's service provider and from external factors other than credit, liquidity, currency and market risks such as those arising from the legal and regulatory requirements.

The Fund's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of maximising returns to the Unitholders.

The primary responsibility for the development and implementation of control over operational risks rests with the Risk Management Team. This responsibility is supported by the development of overall standard for the management of operational risk, which encompasses the controls and processes at the service providers and the establishment of service level agreements with the service providers, in the following areas:

- documentation of controls and procedures;
- requirements for:
 - appropriate segregation of duties between various functions, roles and responsibilities;
 - reconciliation and monitoring of transactions; and
 - periodic assessment of operational risks faced.
- the adequacy of controls and procedures to address the risks identified;
- compliance with regulatory and other legal requirements;
- development of contingency plans;
- training and professional development;
- ethical and business standards; and
- risk mitigation.

14. LAST VALUATION DAY

The last valuation of day was 29 December 2022 (2021: 30 December 2021).

15. EVENTS AFTER THE END OF THE REPORTING PERIOD

There was no event subsequent to the statement of financial position date which required adjustment of or disclosure in the financial statements or notes thereto.

16. APPROVAL OF THE FINANCIAL STATEMENTS

These financial statements were approved by the Fund Board on 16 Sha'ban 1444H corresponding to 08 March 2023.
